

KASA ADBHUTA

Stylized Handcrafted Furniture

Company Profile

ABOUT US

OUR FACTORY IN RATANGARH, RAJASTHAN
Spread over area of 5000 sqmtr, our factory where all the raw furniture are made is located in Ratangarh, Rajasthan, India.

Established in 1999, we are the manufacturer of Solid Wood Handcrafted Furniture based in New Delhi. With more than two decades of experience in the industry, we have established ourselves as a trusted name in the furniture manufacturing sector, specializing in furniture customization by creating high-quality, sustainable, and beautiful furniture pieces. Our team of skilled craftsmen and designers work tirelessly to create bespoke furniture pieces that meet the unique needs and preferences of our clients. We use only the finest sustainable materials to create furniture that is not only aesthetically pleasing but also durable and functional. From residential to commercial projects, we offer a wide range of furniture solutions that cater to diverse needs and styles.

We deal in wide range of flawlessly designed wooden handcrafted furniture, Indian ethnic furniture, Vintage fusion furniture, wooden artifacts and Contemporary furniture. Our commitment to quality, craftsmanship, and customer satisfaction has made us a preferred choice among discerning customers.

ZENITH BY AKA

The ZENITH Collection is our contemporary expression of affordable luxury—designed for those who appreciate refined aesthetics without excess.

Crafted with the signature quality of Kasa Adbhuta and Adbhuta, each piece blends clean modern lines with the warmth and durability of solid wood, creating furniture that feels both sophisticated and inviting. The range focuses on elegant proportions, subtle detailing, and timeless finishes, making it ideal for modern homes that seek comfort, style, and lasting value.

ZENITH represents the perfect balance between premium craftsmanship and accessibility, bringing elevated design into everyday living.

WHY SOLID WOOD

- **Durable:** Furniture made from hardwood is highly durable as it is expected to last over decades despite its continuous usage.
- **Versatile:** Hardwood can be easily customized and can be created in any shape, color or design. It also allows the space to mix and match with different colors and materials.
- **Aesthetic appeal:** Furniture made from solid wood has the ability to stand out. It has a universal appeal because the beauty of wooden grains is reflected in it.
- **High quality:** Solid wood furniture is of very high quality because of the process that hardwood undergoes before going into production and the attention to each detail with customization makes it a family heirloom.
- **Easy to maintain:** It is easy to maintain solid wood furniture as it does not tend to expand and contract during different weather conditions.
- **Solid wood furniture** is a timeless classic in India. Despite the rise of various furniture pieces made from other materials, solid wood furniture continues to remain an absolute favorite for many industries.

UNDERSTANDING RAW MATERIALS

Being at the core of our functioning, we provide and install customizable furniture, made with varying types and grades of materials, MANUFACTURED at our premises with state of the art technology and also cater to fixed furniture component for our project sites, made with world-class and internationally certified materials.

Different types of wood for furniture (both hardwood and softwood) are available in the market. Each type comes with a different set of characteristics in terms of colour, density, grain and finishing. Picking the right wood for the right furniture is critical.

Although you can use any type of wood to make furniture, not all woods are made equal. That's why you need to choose it carefully.

When it comes to choosing the best wood for your furniture, understanding its properties is a must.
